

SteriGLAND™

A5 TWIN HEAD WITH OPTIONAL A6 BAG FEEDERS

The SteriGLAND™ A5 Bulk Filler is suitable to fill aseptic food products in bags from 2- to 1,600-litres. It utilizes a unique double-membraned bag for guaranteed sterile filling of most products.

Twin Head A5 fills up to 10 1,000-liter bags per hour.

FILL CAPACITY

2-1000 liters

PERFORMANCE

Up-to ten 1,000-liter bags per hour depending on operator dexterity. Product-contact surfaces comply with USA 3A design standards, fully compliant with European CE requirements.

FILL ACCURACY

Typically +/- 0.5%. Magnetic Flow Meter. Mass Flowmeter option available.

UTILITIES

Voltage: 200 - 240 VAC 10 Amps

Air: 5.5 - 6.0 Bar Air
