

SteriGLAND™

A7 TWIN HEAD

The SteriGLAND™ A7 is a fully automatic food service bag filling machine designed to fill aseptic food products into bags from 2- to 25-liters. It utilizes a unique double-membraned web bag for guaranteed sterile filling of most products.

The Twin Head A7 features twin fill heads with single bag infeed and a single bag-into-box loader to place the full bag into shipping box. Fills up to 360-10-liter bags per hour.

FILL CAPACITY

2-25 liters

PERFORMANCE

Up-to six 20-liter bags per hour. Product-contact surfaces comply with USA 3A design standards, fully compliant with European CE requirements.

FILL ACCURACY

Typically +/- 0.5% with Magnetic Flow Meter. Mass Flowmeter option available.

UTILITIES

Voltage: 200 - 240 VAC 10 Amps

Air: 5.5 - 6.0 Bar Air
