

# 130 3A

## SEMI-AUTOMATIC BAG & POUCH FILLER

The TORR 130 3-A filler, designed and certified to 3-A Sanitary Standards, is an economical solution for accurate filling of bags and pouches from 0.75 to 20 liter capacity.

Standard model includes turbine flowmeter, touch panel and PLC allowing for maximum efficiency.

The filler is automatic except for the movement between the fill cap positions which is performed by the operator using a lever.

Shipping Weight: 250 lb

### PRODUCT MEASUREMENT

1.5-inch stainless steel turbine meter included with filler.

### CONTACT SURFACES

All piping is 316L Stainless Steel and 3-A approved plastics and flexible lines.
